

ROBERA TAREKEGN MOSISSA

Address: Studentenwijk Arenberg 20 Bus 0.009, Leuven 3001, Belgium

Phone: +32497171938 email: roberatarekegn2@gmail.com

LinkedIn: [linkedin.com/in/robera-tarekegn-mosissa-3463221a8](https://www.linkedin.com/in/robera-tarekegn-mosissa-3463221a8)

Github: <https://github.com/RoberaTarekegnMosissa>

Nationality: Ethiopian

EDUCATION

KU Leuven & Vrije University of Brussels, Leuven, Belgium

Master of Water Resource Engineering

September 2025 – Present

Relevant Courses: Environmental Programming, GIS, Surface Hydrology, Groundwater Hydrology, Hydraulics, Stochastic Hydrology, Land Climate Dynamics

Addis Ababa University, Addis Ababa, Ethiopia

Bachelor of Science, Civil Engineering

September 2019 – 2024 June

Grade: – Great Distinction ([Link](#))

Relevant Courses: Structural Design, Geometrical Design, Highway Engineering, Hydraulics Design, Surface Water Hydrology, Applied Mathematics, Numerical Methods, Structural Analysis and Design, Basic C++ Programming

SKILLS AND COMPETENCY

Computer Skills: Linux/HPC Computing, Python, Jupyter notebook, MATLAB, AutoCAD, Civil 3D, EPANET, QGIS, ETABS, GEOSTUDIO, STRATUM, SWAT, Git

Technical Skills: Hydrologic Analysis, Hydraulic Modelling, Climate Data Analysis, GIS and Remote Sensing, Statistical Analysis, Numerical Modelling, Water Resources Engineering, Climate Model Evaluation (CMIP6), Reanalysis Data Processing, Machine Learning Applications in Hydrology.

Research Interests: Hydroclimatology, Climate Change Impacts on Water Resources, Land–Atmosphere Interactions, Hydrological Cycle Analysis, Climate Model Evaluation, Flood and Drought Modelling, Water Balance Studies, Precipitation and Evaporation Analysis, Machine Learning for Hydrology and Streamflow Prediction.

RESEARCH EXPERIENCE

MSc. Thesis 2025 January- Present

Title: *Diagnosing Hydrological Cycle Biases in State-of-the-Art CMIP6 Climate Models over the Congo Basin*

Advisor : Prof. Wim Thiery

Undergraduate Thesis 2023 December - 2024 June

Title: *Assessment of Water Supply, Wastewater Management and Storm water management in Newly*

Developed Housing Developments: A Case Study of AYAT Real estate Zone 02 in Addis Ababa

Advisor: Prof. Geremew Sehlu

Reconstructing Flow in Streams of Ethiopia with State-of-the-Art Deep Learning Methods 2025 November - Present

- Develop a pilot deep learning model to simulate stream flow using LSTM

WORK EXPERIENCE

Federal Housing Corporation ([Link](#))

2025 January to 2025 September 10

Position: Site Engineer

Activity: Construct Villa Houses for Ethiopian Airlines Bishoftu Project

Huawei Ethiopia, Addis Ababa, Ethiopia ([Link](#))

2024 June – September 2024

Position : Office Engineer

Activity: Create Both Engineering Procurement,Negotiate with Suppliers, Manage sub-contractors projects

Federal Housing Corporations of Ethiopia.([Link](#))

2023 March – June 2023

Position: Site Engineering Intern

Activity: Assisted the senior site Engineer to supervise the completion of a multi-story residential structure, Learned the installation of Aluminum form work which is a new technology in our country.

EASE Engineering. On site ([Link](#))

2023 March – June 2023

Position: Office Engineer Intern

Activity: Design post-tension projects like building and bridges,Conducted bill of quantity of post tension to make comparison with conventional design method

John Holland, Australia (Remote) ([Link](#))

2022 October – November 2023

Position: Civil Engineering job simulation

Activity: Structural Design, Hydrologic Analysis, Data Analysis, Numerical Modelling

CERTIFICATIONS AND TRAININGS

•Irrigation Efficiency: more food with less water ([Link](#))

April 2026

•Sustainable Micro Internship([Link](#))

February 2026

• Python Fundamentals(([Link](#))

August 2024

• Green Skill Passport ([Link](#))

January 2024

• Sustainability Imperatives ([Link](#))

January 2024

• Engineering of Structure ([Link](#))

May 2022

• Construction Project Management ([Link](#))

March 2022

LEADERSHIP AND VOLUNTEERISM

• McKinsey Forward Online Programme([Link](#))

June - Dec 2023

• Aspire Leadership Programme([Link](#))

January 2024

• Cleaning Campaign Volunteer([Link](#))

April 2024

• FOCUS Leadership ([Link](#))

2020 Sep - 2024 June

AWARDS

- Vilrous Scholarship Grant for MSc.
- Best Undergraduate Final Thesis Project of The School

September 2025 - June 2027
June 2024
